FYI- we have reached out to Ottawa Fire Service and Ottawa Police. This photo was taken on Freiman Lane.
They are meeting our CO on site as we speak – he will give them the authorization to remove the fuel and propane.

Je te fais signe une fois que c'est fait.

Hi all,

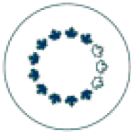

These photos are from an hour ago.

The stockpile of fuel is a worry to me. A fire inspector is, in my mind, not an adequate response to this much fuel on lands adjacent to the RCS at this time of year.

I'm expecting a call from the OPS officer assigned to this file (constable below is only intel), but I would like to have our point of view squared away before then.

I'll call you to discuss now.

Ian

Hi Ian,

Just received this information from the Ottawa Police.

There is construction of a shed of sorts currently taking place. He also advised about a stockpile of fuel.

He was mentioning that they would like to send in a fire inspector to look at the pile of fuel.
You can reach out to him directly if you need any additional details and to discuss.

Thanks,
Rosanna
